

2023 New Year's Message from Rinpoche transcript

As the volume is a bit low, we have prepared a transcript of Rinpoche's message.

“Hello, Dharma Gar and Ngondro Gar practitioners, I would like to wish you Happy New Year. That is what we do: we wish Happy Near Year. Although as the time goes, it just means that there are getting closer to something inevitable. And for that, as all you know, the only thing that is worthy to do is practicing—whatever you are practicing. Because at this age—I am talking about myself. After 61 years being on this earth and exploring everywhere, finally—maybe not finally, more and more I should say—I realize that there is only one guy who actually is right. All the others are just partial truth maybe—even if it is the truth. And that is, his name is Siddhartha. So I think we are very fortunate to have him.”
